To Natalie,

I just want to say a massive THANK YOU for your support in the one year that has been and went. I was not very good at back stroke but now my confidence has shot right the way up from the bottom to the top it is amazing.

Now I am so good at both my front and back stroke I would never ever be better than what I am now. Because of you, I am getting all of these awards and medals.

I thank you so so so so so much for your patience and support.

From

Kian.

**THANK**

I'll always use yo techniques you've taught me for the past year. If I'm ever in a river or lake, I will never start to drown because of you, so thanks. I hope you like your job because it looks like you do.

It must of been hard to teach me but hopefully It's not hard any more!

Thanks again- I'll always recommend you to all my friends that need help with swimming.

From Ben.A

P.S Thanks for teaching my sister Sophie

To Doma,

I Just wanted to say thanks for helping me to get into the deep end. My favorite stroke that we did was breaststroke because that is the only one there I can go under water. I hope I will still see you in year 5 because I like Jokes.

In future if I fall into a pond I will use the skills and techniques you taught me to save myself. And I will not forget how you taught me to kick my legs.

From christina Fairve

To Natalie,

I just wanted to thank you for all your support and great teaching for the past year.

You've improved my backstroke and provided extra fun lessons. You told me to close my fingers and I haven't opened them since.

I know I talk a lot and annoy you but it worked out in the end.

I'm sure to recommend you to my friends.

From Gurjeet

To Natalie,

I just want to say a massive thank you for your help in swimming and it may help me if I'm in danger in the canals. I do appreciate all your work you have done for us.

When I'm older, I might be a swimmer in the Olympics so I'll use the tips to my advantage, and I'll help those people who do not know how to swim and I'll use your tips. You've made me improve on my swimming because I never used to swim in the big pool and when I was younger I almost drowned! When I went to the small pool (when I went to free swimming) I only went to the shallow end and I played water polo with my family and friends. If I do become a swimming teacher, I'll remember when I was swimming with you teaching me and my friends.  
The first time it was fun at first and float you said to people in P.S. the small pool could not go passed a sign and you told what we could do and not do.

P.S. I'll never forget you teaching me and my friends

I'll use the tips and techniques that you've taught me like when you backstroke don't go underwater or nod your head when you do dolphin. Although these are quite small things they have changed my swimming side. I will definitely recommend you to my friends.

From

I just wanted to say a massive  
thanks for teaching me how to  
swim for about a year.

I use the tips and techniques  
that you have taught me in my  
local swimming centre. I'll always  
be safe around lakes and rivers.  
But I'm glad that you always  
forget my name I go swimming  
on thursdays but now I don't  
enjoy more. Because they were  
going to move me to a different  
place called blue coats.

But I'll never forget you and  
you are my best swimming  
teacher ever.

From Grace Connell

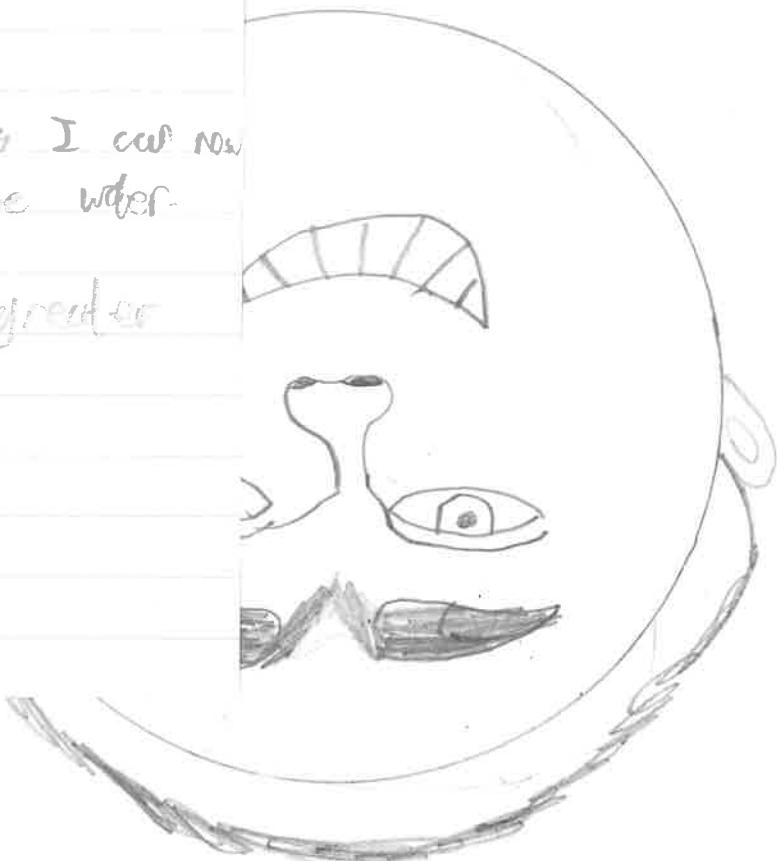

To Notolie,

I just want to thank you for teaching me all the ~~shoos~~ especially dolphin safety  
as I never could before. This year was my best swimming year because  
you make it entertaining.

Now that you've taught me all the tips and techniques I can now  
keep safe in the water. I also know not to step the water.

I love the fun and float sessions but it's greater  
when you do it.

From Dylan

To Natalie,

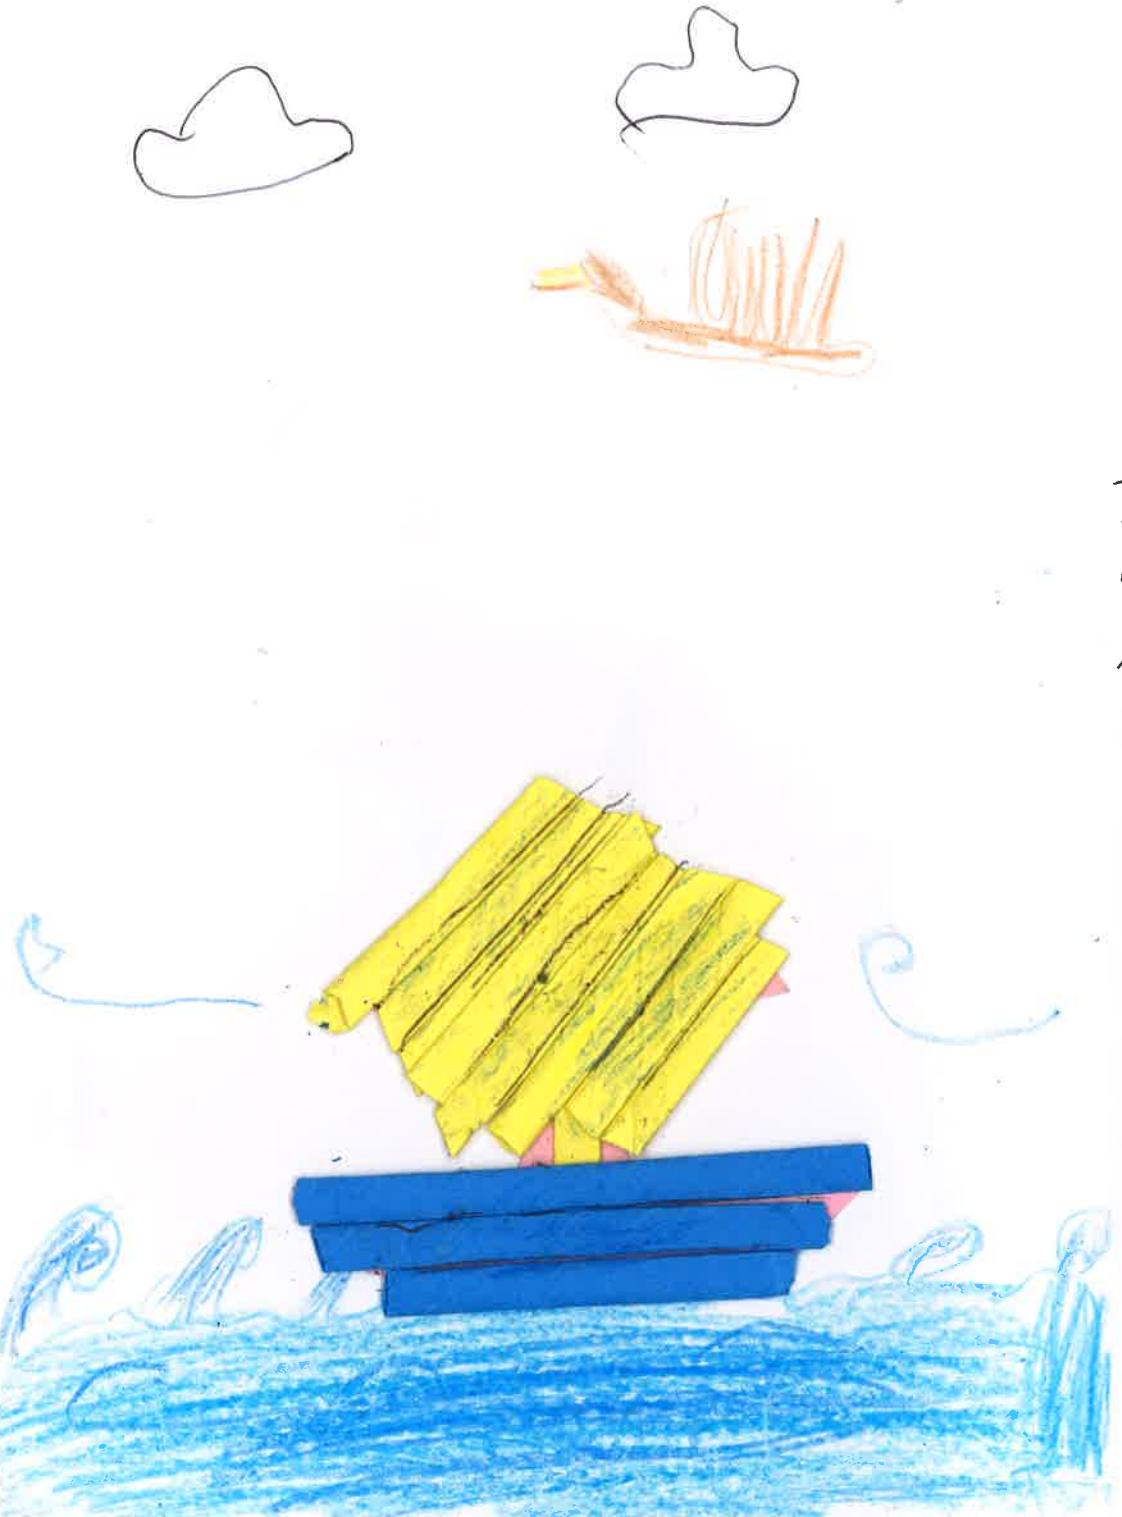

I just wanted to say a massive thanks for all your hard work to teach us for the past year. Your skills got me to swim perfectly. You're an awesome teacher.

You give us awesome fun sessions and normal lessons. We've had a great time with you. Without you, I wouldn't of got any stripes. Every Tuesday, I'm excited to see you and for you to teach me. You've strengthened my strokes (especially front crawl), the tip you gave me about closing my fingers really helps it'll stop me from getting into bad habits. You're the best teacher for swimming in the world.

I know we must've been a pain to teach now and then, but we got there in the end. I would just like  to say thanks one more time.

I'll miss you when I go into year 5 because I won't go swimming anymore.

To Donna,

I just wanted to give a massive thank you to you Donna for all the time and hard work you have put in to our Tuesday swimming lessons. When I started to swim, I literally couldn't do the backstroke but having you as my swimming teacher I now can do all those things. We have had a great laugh when Kye purposely splashed you with water and your tan lotion comes off when he goes underneath the water. I'll never forget your bubbly personality!

I know I must've been a pain to teach because I just wasn't getting the backstroke. I always look forward to your Amazing, Funny, Brilliant swimming lessons. Well, Because of you, now I know how to save my life or someone else's life in water from your water safety lesson. I do appreciate every lesson you've taught me.

Dear Donna

I wanted to give you a big  
thank you for teaching  
the pupils in the small pool.  
I THINK you are the best

swimming by teaching us  
interesting lessons.

I would also like to  
say thank you to your  
colleagues for their help

for being the funniest,  
most interesting teacher to  
have every swimming

Donna,

I just want to tell you that how impressive you are at teaching us at swimming and I like it when you put objects in the water and we have to go under water to get the objects. the best thing is that you teach us how to swim.  
when we come to langley baths, I get charged but then at the start of the lesson you tell us to go the other side of the pool and we jump up and down and wave our hands in the air. on Friday's you ask if we want to have ~~swimming~~ some of the people say no however most of the people say yes.  
you're is a nice person that teaches us how to swim.
