8. Accompanying Narrative

SLT's approach to pay supports the fair treatment and reward of all staff irrespective of gender and the Leadership Team and Board are committed to equality and fair pay.

SLT operates a banded scale pay structure, which includes incremental increases linked to length of service, and a spot rate pay structure. Neither structure is linked to gender.

SLT has an objective job evaluation scheme in place where pay is determined by level of responsibility, and some pay levels are determined by market forces. In all circumstances, statutory minimum pay levels are applied.

For SLT, self-employed instructors have been included in the calculations. These rates are based on market forces for the type of work undertaken.

SLT's figures may further indicate a gender pay gap which is considered to be due to the following factors: -

- 1. Shift pay, increases the calculated hourly rate. More males have working patterns that attract shift pay.
- 2. Employees who have multiple contracts and work unsocial hours have enhanced pay rates by a third and half which will increase the calculated hourly rate.
- 3. Market Forces Supplement (MFS) paid to Swimming Instructors this year. The median gap is favouring female employees because there are more females than males attracting the MFS.

SLT offers many flexible working options, some of which include the option to purchase additional leave as well as flexible working hours, full and part time working, reduced hours/days, casual hours and differing shift patterns, which include daytime, evening and weekend work for which unsocial working hour's payments are made.

Policies are in place to encourage both male and female employees to fulfil caring responsibilities, which include maternity, and paternity leave, shared parental leave, carers leave, adoption leave, unpaid leave and flexible working.

Learning and development is a key objective with the Board committing to an annual investment budget which allows for all staff to undertake CPD, maintain statutory qualifications and develop their careers, supporting succession planning within the company.

A strategic review for Investors in people carried out in January 2023 demonstrated that SLT continued to uphold the underpinning principles of the

"We Invest in People" Standard, which demonstrates the company has a good standard of people management practice.

SLT ensures that appropriate training is given to the appropriate levels of management and policies and procedures are in place to ensure that employees are dealt with in a non-discriminatory manner and are updated to ensure legal compliance.

Supporting Statement

SLT are committed to maintaining a positive and inclusive working environment with opportunity for development and progression. This includes ensuring that individuals have equal access to jobs and that employees are paid accordingly in line with the company policy and statutory obligations, demonstrated by a low turnover of staff.
